

ABOUT THE VENUE

Kodaikanal is a hill town in the southern Indian state of Tamil Nadu. This hill set in an area of granite cliffs, forested valleys, lakes, waterfalls and grassy hills. At 2,000 meters above sea level, the town centers around man-made, star-shaped Kodaikanal Lake, bordered by evergreen forest. Weather ranges from 11-19°C during August month. Kodaikanal is known for its rich flora of the big trees, cypress, eucalyptus and acacia are the dominant varieties. Pear trees are numerous and the fruits are of high quality. Kodaikanal Lake is an artificial, roughly star-shaped 110 acres lake built in 1863. It is Kodaikanal's most popular geographic landmark and tourist attraction. Other important tourist places are Green Valley View, Shembaganur Museum of Natural History, Kodaikanal Solar Observatory, Pillar Rocks, Bear Shola Falls, Guna caves, Silver Cascade and Dolphin's Nose. Kodaikanal is well connected by air transport ie 115 kilometres from Madurai International Airport, 170 kilometers from Coimbatore International Airport, 197 kilometers from Tiruchirapalli International Airport. This hill also well connected by train and roads.
